

# HOSPITALITY & CATERING YEAR 10 SUMMER HOMEWORK

Working on your skills and knowledge over the summer holidays is an important way to develop your ideas and potentially raise your grade. Explore the tasks below, which should be manageable at home.

## 1. Home cooking skills

- Choose **two dishes** to cook at home (one main course, one dessert).
- Plan the dishes considering **healthy eating guidelines** and **good presentation**.
- Take step-by-step photos of the preparation, skills you've used and final plating.
- Write a brief evaluation for each dish:
  - What skills you used (e.g., knife skills, baking, frying)
  - How you managed your time
  - What went well and what you could improve
- Optional: Serve the dishes to family/friends and get their feedback.

## 2. Hospitality job role investigation

- Choose **two job roles** within the hospitality industry (e.g., chef, front-of-house staff, hotel receptionist, kitchen porter).
- Research the following for each role:
  - **Main duties and responsibilities**
  - **Skills and qualities required**
  - **Typical working hours and conditions**
  - **Career progression opportunities**
- Present your findings as a **written report** (1 page) or a short **video/audio presentation**.
- Optional: Interview a person working in hospitality about their role and include their insights.
