

# Fulwood Academy- KS3 Grade Descriptors- Food Technology

Level	Skill	Creativity	Presentation
1	Weak skills in most or all areas, struggling with basic food preparation techniques.	Minimal or no use of composition and original ideas in food presentation or recipe adaptation.	Poor presentation of food, with little care or attention to the final product.
2	Inconsistent understanding of the skills taught, with some grasp of basic cooking techniques.	Inconsistent use of composition and individuality, with limited creativity in adapting recipes or food presentation.	Presentation is inconsistent, with some effort, but lacking in overall quality.
3	Demonstrates a general understanding of food preparation techniques, showing competence in some areas.	Good use of composition in food presentation, with some original ideas and creativity in recipe development.	An attempt at good presentation, with visible improvement, though not consistently high quality.
4	Displays a good skill level in most areas of food preparation, demonstrating solid technique.	Good understanding of food composition and individual thought in recipe development, showing originality and creativity.	Presentation is generally good, with clear pride in the work and attention to detail.
5/6	Consistently high skill level across all food preparation techniques, demonstrating mastery in cooking and presentation.	Creativity is unique, showing variety and risk-taking in recipe ideas and food presentation, demonstrating innovative approaches.	Excellent presentation in all areas, with a polished and professional final product.
